Dear Patients and Friends,

After 18 fulfilling years in clinical practice as an otolaryngologist, I have made the decision to retire from patient care and move on to new projects and challenges. My time in practice has been an extraordinary journey—one filled with meaningful relationships, shared experiences, and the privilege of helping so many people improve their health and quality of life.

I want to express my sincere gratitude for the trust you have placed in me over the years. It has truly been an honor to care for you and your families, and I will always value the connections we have built.

While I will be stepping away from clinical duties, I am pleased to share that my colleague, Dr. Viet Pham, will continue to provide ENT care at the Carrollton office. The dedicated team of providers and staff is committed to ensuring a smooth transition and continuity of care for all our patients.

I will officially retire from clinical practice on January 30, 2026. If you currently have an appointment scheduled after that date, our office will be reaching out to you to assist with transitioning your care within the practice. For any questions you may have regarding your treatment plan or options, or if you choose to pursue treatment elsewhere, you may contact the office at 972-984-1050 to discuss the steps with a member of the team or to request your records.

As I look ahead to this next chapter, I do so with deep appreciation for the past 18 years of professional and personal growth. Thank you for allowing me to be a part of your lives—it has been one of the great joys of my career.

With warm regards and best wishes,

Nicole Bryan, MD
